
Empowering the EOSC Federation: Resource Mobilisation and Community Engagement

Ioannis Rodopoulos*¹

¹European Commission [Brussels] – Brussels, Belgique

Résumé

This presentation will offer a brief overview of recent developments in building the EOSC Federation, with a focus on the upcoming deployment of the EOSC EU Node. It will aim to stimulate discussion on the Federation's next steps and the challenges ahead—both technical and policy-related—, particularly with regard to mobilising resources and engaging the community.

Mots-Clés: EOSC EU node, European Commission, EOSC Federation.
