
Archiving, referencing and describing software with HAL and Software Heritage

Yannick Barborini*[†]

¹Centre pour la Communication Scientifique Directe – Institut National de Recherche en Informatique et en Automatique, Centre National de la Recherche Scientifique, Institut National de Recherche pour l’Agriculture, l’Alimentation et l’Environnement – France

Résumé

The presentation details the in-depth work that has been carried out between HAL and Software Heritage to enable the archiving, referencing and creation of quality metadata for the research software produced by French researchers.
